AUDITORS' REPORT

**To the Members of M/s BAJAJ GLOBAL LIMITED
Report on the Financial Statements**

We have audited the accompanying standalone financial statements of **M/s Bajaj Global Limited ('the Company')**, which comprise the Balance Sheet as at 31 March 2020, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flow for the year then ended, and Notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, of the state of affairs (financial position) of the Company as at March 31, 2020, and profit (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to Note No-34 of the financial statement, which describes the economic impact the company is facing due to outbreak of Corona Virus Disease (COVID-19).

However, our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Transition to Ind AS

The Company has adopted Ind AS notified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 from April 01, 2019 and the effective date of such transition is April 01, 2018. Ind AS are new and complex accounting standards which require considerable judgment and interpretation in their implementation.

Further, Ind AS 101 (“First-time Adoption of Indian Accounting Standards”) allows two categories of exceptions to the first-time adopters, which mainly includes prohibition to retrospective application of certain requirements of Ind AS and exemption from some requirements of Ind AS. We consider this transition and the required disclosures to be a

key audit matter because new accounting policies have been adopted by the Company to comply with these standards.

Note No. 2 and 3 about “Significant Accounting Policies and First time Adoption”, - Financial Instruments and Related Disclosures” to the Standalone Financial Statements provide detailed information on the significant policies, critical judgment and estimation along with details of exemptions applied from certain requirements under Ind AS, based on which these Standalone Financial Statements are prepared.

Note No. 2 and 3 about “Significant Accounting Policies and First time Adoption”, -

Financial Instruments and Related Disclosures” to the Standalone Financial Statements provide detailed information on the significant policies, critical judgment and estimation along with details of exemptions applied from certain requirements under Ind AS, based on which these Standalone Financial Statements are prepared.

Principal Audit Procedures:

We have performed the following audit procedures in order to obtain sufficient audit evidence:

- Assessed the Company’s process to identify the impact of adoption and transition to the new accounting standards.
- Evaluated the design of internal controls and tested the operating effectiveness of key internal controls around the process of preparation of the Standalone Financial Statements;
- Reviewed the exemptions availed by the Company from certain requirements under Ind AS;
- Obtained an understanding of the determination of key judgments;
- Evaluated and tested the key assumptions and judgments adopted by management;
- Assessed the disclosures made against the relevant Ind AS; and
- Determined the appropriateness of the methodologies and models used along with the reasonability of the outputs.

Information other than the Financial Statements and Auditor’s Report thereon

The Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor’s report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information

is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India including the Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable

assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A, a statement on the matters specified in the paragraph 3 and 4 of the order.

ANNEXURE - B TO THE AUDITORS' REPORT**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **M/s Bajaj Global Limited** ("the Company") as of 31 March 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the

adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2020, (subject to Note No.34 of the financial statement) based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS**1. CORPORATE INFORMATION**

Bajaj Global Limited (“the Company”) is a public limited company domiciled and incorporated in India and its shares are publicly traded on the Bombay Stock Exchange (“BSE”). The registered office of the company is situated at Imambada Road, Nagpur – 440 018.

The principal business activities of the company is lending of loans. The Company is a non-banking financial company (NBFC) registered with the Reserve Bank of India (RBI) with effect from 20th day of April, 1998.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**2.1 Basis of preparation**

The financial statements (Separate financial statements) have been prepared on accrual basis in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and the provisions of the Companies Act, 2013.

The financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities which have been measured at fair value (refer accounting policy regarding financial instruments).

The financial statements are presented in Indian Rupees (“INR” or “₹”) and all amounts are rounded to the nearest lacs, except as stated otherwise.

2.2 Estimates and Judgements

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions effect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in note 2.3(a). Accounting estimates could change from period to period. Actual results

may differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

2.3 Presentation of financial statements

The Company presents its Balance Sheet in order of liquidity.

The Company generally reports financial assets and financial liabilities on a gross basis in the Balance Sheet. They are offset and reported net only when Ind AS specifically permits the same or it has an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event. Similarly, the Company offsets incomes and expenses and reports the same on a net basis when permitted by Ind AS specifically unless they are material in nature.

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements.

These policies have been consistently applied to all the years presented, unless otherwise stated.

(A) Income**(i) Interest Income**

The Company recognises interest income using Effective Interest Rate (EIR) on all financial assets subsequently measured at amortised cost or fair value through other comprehensive income (FVOCI). EIR is calculated by considering all costs and incomes attributable to acquisition of a financial asset or assumption of a financial liability and it represents a rate that exactly discounts estimated future cash payments/receipts through the expected life of the financial asset/financial liability to the gross carrying amount of a financial asset or to the amortised cost of a financial liability.

(ii) Dividend income

Dividend income on equity shares is recognised when the Company’s right to receive the payment is established, which is generally when shareholders approve the dividend.

(iii) Leases Income**Company as a lessor:**

Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease, unless the receipts are structured to increase in line with expected general inflation.

(iV) Other revenue from operations

Other revenue from operations is accounted for on accrual basis except, where the receipt of income is uncertain. Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is received. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes, duties or other charges collected on behalf of the government/authorities.

(V) Other Income

Other Income is accounted for on accrual basis except, where the receipt of income is uncertain.

(B) Expenditures**(i) Finance costs**

Borrowing costs on financial liabilities are recognised using the EIR.

(II) Employee benefits**Short Term employee benefits**

Liabilities for wages, salaries and other employee benefits that are expected to be settled within twelve months of rendering the service by the employees are classified as short term employee benefits. Such short term employee benefits are measured at the amounts expected to be paid when the liabilities are settled

(III) Taxes**Current Tax**

The current tax expense for the period is determined as the amount of tax payable in respect of taxable income for the period, based on the applicable income tax rates.

Current tax relating to items recognised in other comprehensive income or equity is recognised in other comprehensive income or equity, respectively.

Deferred Tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences and, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, the carry forward of unused tax credits and unused tax losses can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted at the reporting date.

Deferred tax relating to items recognised in other comprehensive income or equity is recognised in other comprehensive income or equity, respectively.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities.

(C) ASSETS AND LIABILITIES**(i) Provisions, Contingent Liabilities and Contingent Assets**

A provision is recognised when the company has present determined obligations as a result of past events and an outflow of resources embodying economic benefits will be required to settle the obligations. Provisions are recognised at the best estimate of the expenditure required to settle the present obligation at the balance sheet date.

If the effect of the time value of money is material, provisions are discounted using a current pre tax rate that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the

passage of time is recognised as a finance cost.

A Contingent liability is not recognised but disclosed in the notes to the accounts, unless the probability of an outflow of resources is remote.

A contingent asset is generally neither recognised nor disclosed.

(ii) Earnings per share

The Basic earnings per share (EPS) is calculated by dividing the net profit or loss for the year attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating Diluted earnings per share, the net profit or loss for the year attributable to the equity shareholders and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

(iii) Cash and Cash Equivalent

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits maturing within twelve months from the date of balance Sheet, which are subject to an insignificant risk of changes in value. Bank overdrafts are shown under borrowings in the balance sheet.

(iv) Financial Instruments

A. Financial Instruments - Initial recognition and measurement

A financial instrument is defined as any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Trade receivables and payables, loan receivables, investments in securities and subsidiaries, debt securities and other borrowings, preferential and equity capital etc. are some examples of financial instruments.

Financial assets and financial liabilities are recognised in the company's statement of financial position when the company becomes a party to the contractual provisions of the instrument. The company determines the classification of its financial assets and liabilities at initial recognition. All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at

fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

B.1. Financial assets –Subsequent measurement

The Subsequent measurement of financial assets depends on their classification which is as follows:

a. Financial assets at fair value through profit or loss

Financial assets at fair value through profit and loss include financial assets held for sale in the near term and those designated upon initial recognition at fair value through profit or loss.

b. Financial assets measured at amortised cost

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Trade receivables generally do not carry any interest and are stated at their nominal value as reduced by appropriate allowance for estimated irrecoverable amounts based on the ageing of the receivables balance and historical experience. Additionally, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. Individual trade receivables are written off when management deems them not to be collectible.

c. Financial assets at fair value through OCI

All equity investments, except investments in subsidiaries, joint ventures and associates, falling within the scope of Ind AS 109, are measured at fair value through Other Comprehensive Income (OCI). The company makes an irrevocable election on an instrument by instrument basis to present in other comprehensive income subsequent changes in the fair value. The classification is made on initial recognition and is irrevocable.

If the company decides to designate an equity instrument at fair value through OCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI.

B.2. Financial assets –Derecognition

The company derecognises a financial asset when the contractual rights to the cash flows from the assets expire or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset.

Upon derecognition of equity instruments designated at fair value through OCI, the associated fair value changes of that equity instrument is transferred from OCI to Retained Earnings.

C. Investment in subsidiaries, joint ventures and associates

Investments made by the company in subsidiaries, joint ventures and associates are measured at cost in the separate financial statements of the company.

D.1. Financial liabilities –Subsequent measurement

The Subsequent measurement of financial liabilities depends on their classification which is as follows:

a. Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading, if any.

b. Financial liabilities measured at amortised cost

Financial liabilities include liabilities that represent a contractual obligation to deliver cash or another financial assets to another entity, or a contract that may or will be settled in the entities own equity instruments. Few examples of financial liabilities are trade payables, debt securities and other borrowings and subordinated debts.

Interest bearing loans and borrowings taken by the company are subsequently measured at amortised cost using the effective interest rate method (EIR). Amortised cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are integral part of the EIR. The EIR amortised is included in finance costs in the statement of profit and loss.

D.2. Financial liabilities –Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or expires.

E. Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount reported in the statement of financial position, if and only if, there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

F. Fair value measurement

The company measures certain financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the assets or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the company.

The company uses valuation technique that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

(v) Property, Plant and Equipment

Property, plant and equipment are carried at historical cost of acquisition less accumulated depreciation and impairment losses, consistent with the criteria specified in Ind AS 16 'Property, Plant and Equipment'.

The cost of an item of property, plant and equipment comprises of its purchase price, any costs directly attributable to its acquisition, borrowing costs (wherever applicable). Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation on property, plant and equipment is calculated using Written Down Value method.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included under other income in the Statement of Profit and Loss when the asset is derecognised. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at

each financial year end and adjusted prospectively, if appropriate.

The useful lives have been determined based on technical evaluation done by the management's experts, which is same as the lives as specified by Schedule II to the Companies Act, 2013. The residual values are not more than 5% of the original cost/deemed cost of the asset. The asset's residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

(vi) Impairment of non-financial assets

An assessment is done at each Balance Sheet date to ascertain whether there is any indication that an asset may be impaired. If any such indication exists, an estimate of the recoverable amount of asset is determined. If the carrying value of relevant asset is higher than the recoverable amount, the carrying value is written down accordingly.

(vii) Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell.

Non-current assets classified as held for sale and their related liabilities are presented separately in the balance sheet. Non-current assets are not depreciated or amortised while they are classified as held for sale.

(viii) Exceptional items

Exceptional items refer to items of income or expense within statement of profit and loss from ordinary activities which are non-recurring and are of such size, nature or incidence that their separate disclosure is considered necessary to explain the performance of the company.

(ix) Impairment of assets

The company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use.

Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss.

2.3 (a) Critical accounting estimates and judgements

The preparation of the Company's financial statements requires Management to make use of estimates and judgments. In view of the inherent uncertainties and a level of subjectivity involved in measurement of items, it is possible that the outcomes in the subsequent financial years could differ from those on which the Management's estimates are based. Accounting estimates and judgments are used in various line items in the financial statements for e.g.:

- Business model assessment
- Fair value of financial instruments
- Effective Interest Rate (EIR)
- Impairment on financial assets
- Provisions and other contingent liabilities
- Provision for tax expenses
- Residual value and useful life of property, plant and equipment

3 First time adoption of Ind AS

These separate financial statements of M/s Bajaj Global Limited for the year ended March, 31, 2020 have been prepared in accordance with Ind AS. For the purposes of transition to Ind AS, the Company has followed the guidance prescribed in Ind AS 101 - First Time adoption of Indian Accounting Standard, with 1st April, 2018 as the transition date and Indian GAAP as the previous GAAP.

The transition to Ind AS has resulted in changes in the presentation of the financial statements, disclosures in the notes there to and accounting policies and principles. The accounting policies set out in Note 2 have been applied in preparing the separate financial statements for the year ended 31st March, 2020 and the comparative information. An explanation of how the transition from previous GAAP to Ind AS has effected the Company's Balance Sheet, Statement of Profit and Loss is explained in note 3.2 . Exemptions on first time adoption of Ind AS availed in accordance with Ind AS 101 have been set out in note 3.1.

3.1 Exemptions availed on first time adoption

Ind-AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has accordingly applied the following exemptions.

(a) Estimates

Ind AS 101 provides that an entity's estimates as per Ind AS 8 " Accounting Policies, Changes in Accountitng Estimates and Errors" at the date of transition shall be consistent with the estimates made for same date in accordance with previous GAAP, unless there is objective evidence that those estimates were in error.

Accordingly, the company has made Ind AS estimates as at the transition date i.e. 1st April 2018 which are consistent with estimates made by it under the previous GAAP for the same date. The company made estimates for following items in accordance with Ind AS at the date of transition since these were not required under previous GAAP :

- i) Investment in equity instruments designated at Fair Value through OCI
- ii) Impairment of financial assets based on expected credit loss model

(b) Deemed Cost

Ind AS 101 provides an option under Ind AS 16 " Property, Plant and Equipment", to continue with the carrying value of all its property, plant and equipment as

recognised in financial statements as on transition date, measured as per the previous GAAP and use that as its deemed cost after making necessary adjustments for de-commissioning liabilities instead of measuring at fair value on the transition date. This exemption can also be used for intangible assets covered by Ind AS 38 "Intangible Assets.

The company has elected to measure all of its property, plant and equipment as on the transition date at their previous GAAP carrying value. Reconciliations between previous GAAP and Ind AS

3.2 Reconciliations between previous GAAP and Ind AS

The following reconciliations provide the effect of transition to Ind AS from previous GAAP in accordance with Ind AS 101

- a) Equity as at 1st April, 2018 and as at 31st March, 2019
- b) Net Profit for the year ended 31st March, 2019.

a) Reconciliation of Equity as at 1st April, 2018 and as at 31st March, 2019.

c) There are no material adjustments to the statements of cash flows as reported under the previous GAAP.

d) Notes to first time adoption

Note (a) : Change in Fair valuation of Financial Instruments

Under the previous GAAP, investments in equity instruments and mutual fund were classified as long term investments or current investments based on the intended holding period and realisation. Long -term investments were carried at cost less provision for other than temporary decline in the value of such investments. Current investments were carried at lower of cost and fair value. Under Ind AS, these investments are required to be measured at fair value at each reporting period. The resulting fair value changes of these investments (other than equity instruments designated at fair value through OCI) have been recognised in retained earnings as at the date of transition and subsequently in the profit or loss for the year ended 31st March, 2019.

Fair value changes with respect to investments in equity instrument designated fair value through OCI have been recognised in Equity Investment Reserve as at the date of transition and subsequently in other comprehensive income for the year ended 31st March 2019. This increased other reserve by ` 247.31 Lacs as at 31st March, 2019 (1 April,2018 ` 218.07 Lacs)

Consequent to the above, the total equity as at 31st March, 2019 increased by ` 247.31 Lacs (1 April,2018 ` 218.07 Lacs) and total comprehensive income for the year ended 31st March 2019 increased by ` 29.24 Lacs.

Note (b) : Deferred Tax Adjustments

Tax adjustmets relating to above adjustments are recognised and adjusted in retained earnings on the date of transition. Deferred tax adjustments relating to the year ended 31st March, 2019 have been adjusted in the statement of profit and loss for the said year.

Management estimations and assumptions

a) The management assessed that cash and cash equivalents, trade receivables, trade payables, bank overdrafts and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

b) The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

(i) The fair values of the quoted shares and unquoted mutual funds are based on NAVs at the reporting date.

(ii) The fair values of the unquoted equity shares have been determined based on certifications from valuers who have used book Value approach for determining the fair values.

28.2 Fair value hierarchy

The following table presents the fair value hierarchy of assets and liabilities measured at fair value on a recurring basis : (₹ in Lacs)

Particulars	Note Reference	Fair value measurement at end of the reporting period/year using

Level 1: Quoted Prices in active markets for identical assets or liabilities

Level 2 : Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The company's policy is to recognize transfers into and the transfers out of fair

value hierarchy levels as at the end of the reporting period. There are no transfers between level 1 and level 2 during the end of the reported periods.

28.3 Financial Risk Management

The Company's principal financial liabilities comprise loans and borrowings. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, Investments, trade and other receivables, and cash and cash equivalents that derive directly from its operations.

The Company's activities expose it to various financial risks: market risk, credit risk and liquidity risk. The company tries to foresee the unpredictable nature of financial markets and seek to minimise potential adverse impact on its financial performance. The senior management of the company oversees the management of these risks. The Audit Committee has additional oversight in the area of financial risks and controls. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken.
